Update in Thoracic Pathology

October 3rd-4th, 2022

Venezia-Mestre, Park Hotel Ai Pini

Via Miranese n. 176

We organize in Mestre a two-day course on controversial topics in thoracic pathology. The teaching program includes lectures and slide seminars and is aimed at emphasizing practical microscopic issues for the diagnostician mainly through the application of conventional histology, with reference to the appropriate ancillary diagnostic techniques. The course is designed for specialists in diseases of the respiratory system, General Surgeons, Pathologists, Thoracic Surgeons and Biologists. A set of glass slides will be circulated to all participants before the meeting for their review and diagnosis, and the cases will be discussed with the audience by the presenters. Cases will include difficult and challenging issues in thoracic pathology. The participants will be welcome to keep their set of slides.

COURSE FACULTY

Saul Suster, Professor and Chairman Emeritus, Department of Pathology and Laboratory Medicine, Medical College of Wisconsin, Wisconsin, USA

David Suster, Department of Pathology and Laboratory Medicine, Mount Sinai Medical Center and Icahn School of Medicine, New York, N.Y., USA
